Malta & Gozo, Coastal Trail - Malta

8 days, PRICE FROM *€ 823*

Have you ever considered **Malta** for your next holiday? Maybe not—and that's precisely **part of the island's charm**. It's a destination for **those ready to be surprised, seeking something different from the usual spots.**

Only **one-fifth of the island**—the most touristic part—**is urbanized**. The rest is still dominated by enchanting nature. From mid-October to mid-May, **the islands are green and lush**, with fields filled with vegetables and **paths carpeted with fennel, clover, myrtle, and wild iris.** By late spring, thousands of plant species will be in bloom, making the island enchanting and colorful.

This **Malta coastal walk** will take you beyond the usual tourist routes, offering **hiking in Malta and Gozo** through dramatic cliffs, garrigue scrublands, and lush valleys. The paths are not crowded and reveal some of the most beautiful views in the Mediterranean, to be enjoyed alongside the rich heritage and history of the island.
